# Yealink T41/T42 Series

## Welcome

After receiving a Yealink T41/T42 Series device, reference this self-paced training, along with the physical device to gain a basic understanding of the phone's layout and functionalities.

*Use the 'Next' button to navigate through this interactive guide or click a section title to jump to that portion of the training.*

# Phone Overview

## Overview

The Yealink T41/T42 desk phones are backlit, monochrome, graphical LCD screens. These phones support six line appearances per page with three pages of line appearances. The phones also support high-definition (HD) voice on all audio paths (speaker, handset, headset). They have user-friendly navigation options and a number of specific function keys.

# Phone Layout

## Understanding Elements

With an understanding of the Yealink T41/T42 Series desk phones, let's get comfortable with the different elements of the phone. This section will display the phone's keys and their functionalities.

*Use the 'Next' button to continue or click a section title to jump to that portion of the training.*

# Phone Layout

The following components makeup the layout of the Yealink device.

# Phone Layout

The following keys are used for navigation and interaction with the Yealink device.

*Please note that the line/soft keys functionality is dependent upon what is displayed on the LCD screen.*

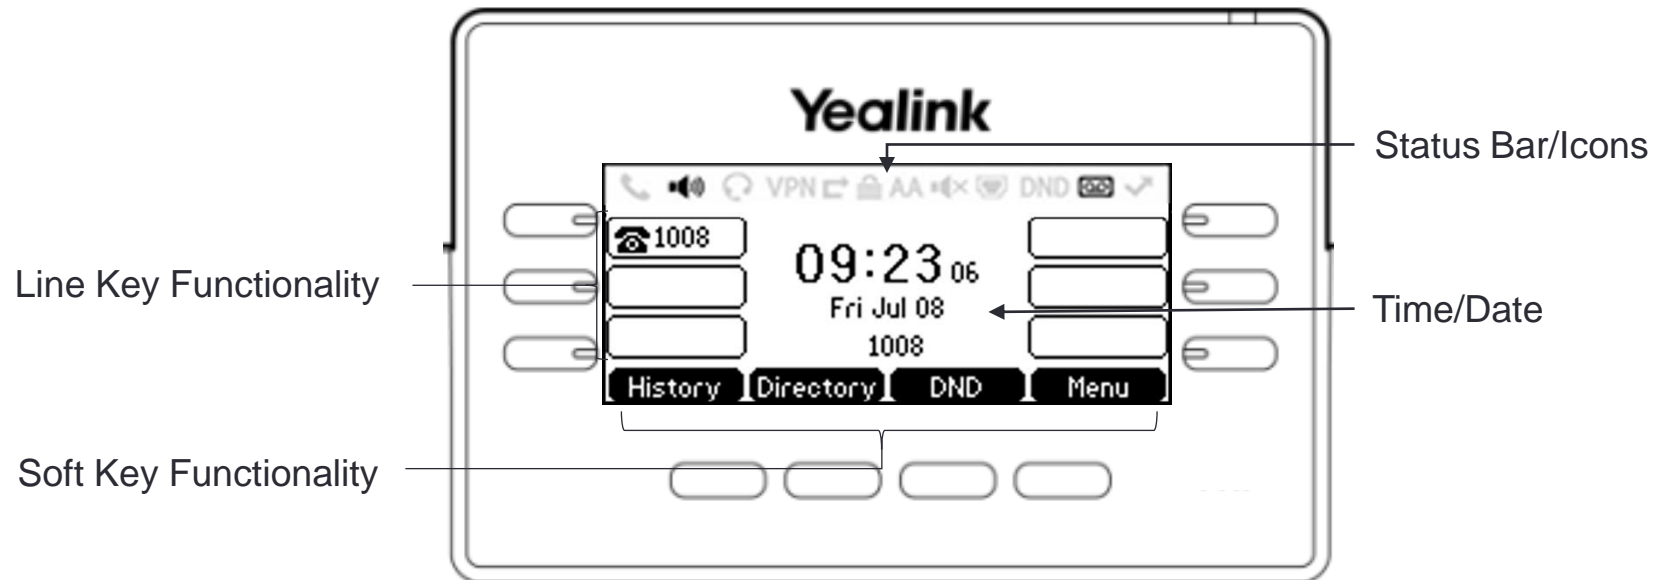

# Phone Layout

The following keys are used to complete common tasks such as mute microphone, connect headset, access voicemail, adjust volume, and more.

# Idle Screen Display

The default idle screen will display phone lines, speed dials, favorite contact listings, and more, and may be displayed across multiple pages.

# Knowledge Check

An ungraded knowledge check will be presented to determine understanding of this module.

*Click Next to begin the knowledge check.*

# Knowledge Check 1 of 4

True or False. The highlighted keys are known as **soft keys**.

True

False

# Knowledge Check 1 of 4

**That is correct!**
